Women's March and March for Science Posters, 2017 January-April .................................................. 16
Zacharia Wahls' Women's March, Washington, DC Photographs, 2017 January ................................. 17
The First One Hundred Days Collection is a collation of protest material created by members of the Princeton University community in response to the administration of Donald J. Trump, the 45th President of the United States.

The First 100 Days project was a collaboration between the Pace Center for Civic Engagement, Princeton University Women's Center, Princeton University Libraries and Princeton Progressive to both highlight the power and impact of campus activism and also capture and record community actions, ideas and responses for future generations of students and researchers. The First 100 Days held two collection drives in 2017, March 29 and April 25, to collect, document and record the many ways the campus community took action. The two collection drives culminated in a physical exhibition of activism in May 2017 on the second floor of the Frist Campus Center.

This collection contains various posters, flyers, photographs, and digital files from the Princeton University community's participation in campus and national activism efforts.

This collection is arranged alphabetically.
